AGREEMENT .. .. .	Page 7
-------------------	-----------

## GENERAL CONDITIONS OF CONTRACT

Clause		
8.	Interpretation .. .. .	9
9.	Government Assistance Scheme .. .. .	9
10.	Approval of Ministry .. .. .	11
11.	Satisfactory Operation .. .. .	11
12.	Specification .. .. .	11
13.	Offices and Stores Accommodation .. .. .	12
14.	Drawings .. .. .	12
15.	Inspection during Construction .. .. .	12
16.	Materials .. .. .	12
17.	Testing of Materials during Construction .. .. .	12
18.	Replacement of Defective Work or Materials .. .. .	13
19.	Carriage and Delivery of Material .. .. .	13
20.	Superintendence, Supervision, Workmen, etc. .. .. .	13
21.	Travelling Costs .. .. .	13
22.	Fixing of Electrical Equipment along Line of Railway .. .. .	14
23.	Alterations to Bridges, etc. .. .. .	14
24.	Alterations to Signals, Telegraph Wires, etc. .. .. .	14
25.	Guarding of Bridges, Structures, Signal Boxes, etc. .. .. .	14
26.	Contractor's Works not to interfere with Railway Company's other Works .. .. .	14
27.	Fencing, etc. .. .. .	14
28.	Obstructions to Traffic, etc. .. .. .	14
29.	Hand Signalmen for Protection of Traffic .. .. .	15
30.	Look-out Men and Watchmen for Protection of Contractor's Men .. .. .	15
31.	Locomotive and Crane Power .. .. .	15
32.	Contractor's Works Train .. .. .	17
33.	Date of Completion .. .. .	17
34.	Extension of Time and Suspension of Works .. .. .	17
35.	Tests on Completion .. .. .	17

Clause	Page
36. Time of Taking Over .. .. .	18
37. Railway Company may use Works .. .. .	18
38. Maintenance ... .. .	18
39. Royalties and Patent Rights .. .. .	18
40. Inclusive Price .. .. .	19
41. Terms of Payment .. .. .	19
42. Certificates of Engineer .. .. .	19
43. Certificates not to affect Right of the Railway Company or Contractor .. .. .	20
44. Additions to and Omissions from the Works, etc. .. .. .	20
45. Insurance of Contractor's Equipment and Materials .. .. .	20
46. Contingencies and Indemnity .. .. .	20
47. Contractor not to Assign or Underlet Contract, or publish particulars, without Consent .. .. .	21
48. Power of Railway Company to Take Over the Works .. .. .	21
49. Engineer's Decisions .. .. .	22
50. Arbitration .. .. .	22

## SPECIFICATION OF THE OVERHEAD LINE EQUIPMENT

### GENERAL PARTICULARS

51. Brief Description of the Line and Train Service .. .. .	23
52. Electrical System .. .. .	23
53. Works included in the Specification .. .. .	23
54. Particulars of Lines to be equipped .. .. .	24
55. Gradients and Curves .. .. .	24
56. Structure and Loading Gauge .. .. .	24
57. Location of Sub-Stations .. .. .	24
58. Sectionalising of Line .. .. .	25
59. Running Conditions .. .. .	25
60. Electric Running Sheds .. .. .	25

### SUB-STATION CONNECTIONS

61. Connections between Sub-Stations and Overhead Line .. .. .	25
62. Connections between Sub-Stations and Running Rails .. .. .	25

### TRACK SWITCHES

63. Local Section Switches and Connections .. .. .	26
64. Track Parallelling Switches and Connections .. .. .	26

**OVERHEAD LINE**

Clause	Page
65. General Design .. .. .	26
<b>The whole document contains no illustrations</b>	
66. Current Collection .. .. .	28
67. Standard Clearances .. .. .	28
68. Stagger of the Contact Wire .. .. .	29
69. Contact Wire .. .. .	29
70. Main Catenary and Auxiliary Catenary Cables .. .. .	30
71. Dropper Wires and Clamps .. .. .	30
72. Anchoring, Tension Adjusting Devices and Pull-offs .. .. .	30
73. Insulation .. .. .	30
74. Tension and Sag .. .. .	31
75. Maximum Swing .. .. .	31
76. Weight of Construction .. .. .	31
77. Construction for Sectionalising Purposes .. .. .	31
78. Construction at Bridges, etc. .. .. .	31
79. Level Crossings and Sidings .. .. .	32
80. Lightning Protection .. .. .	32

**OVERHEAD LINE SUPPORTING STRUCTURES**

81. General Design .. .. .	32
82. Foundations .. .. .	33
83. Structural Steelwork .. .. .	34
84. Painting and Tarring Supporting Structures .. .. .	34
85. Numbering of Supporting Structures .. .. .	35

**BONDING**

86. Bonding of Running Rails .. .. .	35
87. Bonding of Steel Structures .. .. .	35

## EQUIPMENT TESTS

Clause	Page
88. General .. .. .	36
89. Insulated Cables .. .. .	36
90. Local Section Switches .. .. .	36
91. Contact Wire .. .. .	36
92. Bare Stranded Copper Cables .. .. .	36
93. Steel Wires .. .. .	37
94. Fittings .. .. .	37
95. Insulators .. .. .	37
96. Steel Structures, Brackets, etc. .. .. .	38
97. Galvanising Test .. .. .	38
98. Bonds .. .. .	39
99. Completed Overhead Line Equipment after Erection .. .. .	39

---

## LIST OF SCHEDULES ATTACHED TO THE SPECIFICATION

## Schedules

- (A) General Particulars relating to Works
- (B) List of Stations, Bridges, Culverts with Mileage to Centres
- (C) Drawings included with this Specification **None of these drawings are present**
- (D) Technical Summary of Equipment to be supplied by Contractor
- (E) Details of Feeder Cables and Switches included in the Contract
- (F) List of Sub-Contractors and Place of Manufacture
- (G) Drawings to be supplied by Contractor during progress of Works
- (H) Samples of Equipment to be supplied by Contractor during progress of Works
- (K) Dates of Completion
- (L) Inclusive Prices **All prices are left blank in this document**
- (M) Prices of Principal Items as erected for Adjustment of Contract if found necessary
- (N) Prices of Spare Parts
